**Subject:** Re: Questions regarding APS Programming, Facilities, and Projections

---

My take would be broader than just APS. We have a fairly new City Council and County Commission. It might be a good time for informing/educating the new members and potentially identifying where County and City can better coordinate.

Not sure whether it would make sense for you, Council Woman Roney, Shaunda and I to schedule a call to respond to her questions in the memo.

Best,

Gwen

Gwen,

Can you expand on the topics? Is the request about APS or the broader topics? Thanks, Gene

Gene and Shaunda:

My fellow Council Woman asked me to forward this to you.

I would be up for a joint meeting with ACS, City Council and BC Commissioners on the broad topic of equity and cooperation.

All the best,

Gwen

Gwen,

Anticipating the upcoming report on Asheville Primary School, I have compiled a list of questions to better inform myself then help to inform our community. As liaison to the Asheville Board of Education, I hope you will send this to the Board or I am happy to submit for consideration if that's the best way for me to communicate. I can send it to the full Council as well as our Buncombe Commissioners but wanted to check with you on the process first, so let me know.

I think a joint meeting of the 3 groups will be important as we review our roles in addressing the opportunity gap through collaborative efforts with our community.

Thank you,  
Kim
