Why do you want to serve on this board? What are your qualifications and why would you be an asset to this board?

I want to bring all of my life experiences to this board, which will allow me to introduce new ideas that are beneficial to Cleveland Community College. I want to ensure that all of Cleveland County has access to all of the many resources of the college. The fact that I reside in upper Cleveland County would allow the board to reach out to the more rural areas of Cleveland County, not just cities and towns.

I am a native of Cleveland County and understand the needs of the people, the industries and what is necessary for them to be successful in every aspect.

I have extensive experience in public speaking and understanding how to solve problems and issues that affect each citizen.

When a crisis presents itself, I look at it as an opportunity to help others and improve life for everyone.

Have you taken the opportunity to attend any previous board meetings prior to the notice of this vacancy? Describe extent and meetings attended.

No, however I have continually kept my finger on the pulse of the community, and the crucial activities of Cleveland County.

Why do you want to serve on this board? What are your qualifications and why would you be an asset to this board?

I have some insight on the educational needs of Cleveland County having served on the Cleveland County Board of Education for fourteen years. I have owned Ora Supermarket for over forty years and see the need to have trained staff. I have pastored two churches, Mulls Memorial Baptist and Dover Baptist for over thirty years here in Cleveland County. The need for staff training for so many new and evolving industries of the future is critical for the success of our county. My life has been invested in Cleveland County and the future of it is important to me. My education was in Cleveland County Schools, Gardner-Webb University and Doctor of Ministry Degree from Gardner-Webb School of Divinity. I believe Cleveland Community College is a vital part of the educational infrastructure of this county. I would be honored to have a part in seeing it continue to thrive and expand.
