Hi Tracy,

I am well. I hope that you are doing alright and staying healthy.

This would not be an accurate statement of the House Wake! Strategic Plan and programs as a whole. In fact, the Hotel Families program, which Wake County launched in April, worked with families of all compositions. The program provided hotel payments, case management and rapid rehousing assistance for families who were using hotels as their primary residence prior to COVID-19. This program reached capacity early on, but continued to take new clients as families moved to permanent housing and off of caseloads. The program was also funded with Treasury dollars and is not currently scheduled to continue beyond December 30<sup>th</sup>.

I would need to know more about this particular case in order to better understand the situation. My assumption is that they called the House Wake Access hub (Wake County's one number housing switchboard, led by the Partnership to End and Prevent Homelessness) and were waiting for a shelter bed that would allow the family to remain intact.

Unfortunately, shelter providers in Wake County have long struggled with providing emergency shelter to families with adult men in the household. The shelters are run by many different nonprofit agencies, who can choose the population that they shelter. However, this gap is an issue that the County leadership has begun looking to address on a systems level.

Please feel free to share my email with this Constituent and I will try to assist in any way that I can.

**Subject:** House Wake! Partners

**Importance:** High

Good Morning,

Thank you all for attending the House Wake! Monthly Partners Meeting yesterday. It was an extremely encouraging and inspirational meeting!

We loved hearing all of the success stories and outcomes from each of the House Wake! programs and we think that the community would be encouraged to hear your collective success as well. We are asking for the following information, which we will compile and share with the public next week. **We would like to collect this information by 5pm on Monday December 21<sup>st</sup>. Please send your responses to the below questions to [Dana.Jones@wakegov.com](mailto:Dana.Jones@wakegov.com). If a particular question does not apply to your agency, simply answer N/A.**

- 1) How many families were permanently housed including reunifications?
- 2) How many individuals were permanently housed including reunifications?
- 3) How many evictions were prevented?
- 4) How many households received legal support?
- 5) How many households were supported with utilities?
- 6) How many households received furniture?
- 7) How many landlords brought on for partnership?
- 8) How many units were gained from those partnerships?
- 9) How many temporary housing supports were provided?
- 10) How much money was spent on prescription assistance?

We are not done yet as many of you will continue to serve residents under House Wake! for months to come. However, what you have done so far has ensured that **hundreds** of vulnerable Wake County residents have a home for the holidays and that should certainly be celebrated this season!

Thank you for all that you do.

In service,
