It is - it's the Targeted/Key program through the State, which Vaya often uses but it's also open to other folks.Â You have to get connected with the State office in some formal process to be able to refer peopleÂ - our experience at HB was that it was pretty rare to be able to get people into those units, but it's definitely an option.Â I would say your best access to this kind of thing is getting your folks connected with TCLI, and then Vaya would work with opportunities like this to move TCLI clients into these units.

I get these emails and I now recall doing some trainingÂ with Kay Johnson 4 or so years ago on housing. Is this something that is different from what Sunrise is currently doing or HB is doing?Â
