Hey Dr Hardy,,
If we have about 5-8 people that need to be seen is there anyway for anyone to come on site? Thank you

Presently we are not transporting due to COVID surge. For those who are already patients of ours we can sometimes do virtual visits, depending on the issue.

If there are needs for new patients to be seen then we can accommodate at our Mays clinic at the Rescue Mission on Mondays or Dale Fell.

There may be times when we can slip by the Ramada if the schedule allows> usually late on Monday or Thursday.

One way to connect would be to communicate with Brad or Kam concerning potential patient visits. Perhaps we can also drop by some registration forms to expedite the process.

Assuming the city follows through with the low barrier shelter at the Ramada I'm sure there will be more need and opportunity for on site medical care.

Jim

Good morning, Hey Dr hardy! Hope all is well. I'd love to officially meet I believe we have spoke via email or telephone. Thank you for all you do for our peers. We do have some folks who could definitely benefit from being patients there and I know when Kris Ray was with you you would come out to Quality and see folks. Is that still something we can do? All of our peers are now at Ramada and them being in one location may be easy. Our biggest problem when someone needs medical care is getting them there. Thank you.

Good morning,

Hoping to connect you two! Ashley Lung is the Shelter Coordinator for Sunrise, so she's managing the operation at the Ramada currently - you all may already know each other. I know some of their folks there are already connected with Dale Fell for care, but it sounds like there might be opportunity for more of that. I'm happy to help with this however I can - should the 3 of us jump on a call, or would it make more sense for you guys to just

connect directly?

Thanks so much!
