This is really excellent! Thanks for putting it together. It's so great that RRH is the biggest need since those are the biggest resources we have at CAM right now. Are those 3 people who already have a housing plan people who are just waiting on units through HB? Also if this is something you're generally tracking, could you add how many people have been slated? Or if it's not something ongoing I can just pull that from the CAM tracking spreadsheet.

Thanks for sending this!
