Agreed! I'd just add that you've only got 15 folks identified as needing PSH - which is great! It seems to me that between the EHV's and Homeward Bound's regular PSH grants there's a lot of opportunity to slate *all* of them at CAM. Exciting. :)

Hi Kat and Ashley,

Here is some more detail on the eligibility requirements for EHV vouchers and who has them, etc. I would say for you, look for people who need long term rental assistance, don't need as intense help as a PSH grant spot would give them, but do score higher on the VI-SPDAT (for example, the people currently assigned to Homeward Bound's EHV vouchers all have VI-SPDAT scores between 8 and 14). Lastly, the folks you refer must be chronic.

Populations eligible for EHV assistance to be referred by Coc:

All eligible households must be:

Chronically homeless

OR

Families with histories of domestic violence

AND

Literally homeless at entry

OR

*Participants in a current short-term housing intervention that required literal homelessness at entry OR
Fleeing domestic violence*

Agencies that received Emergency Housing Vouchers:

Asheville Buncombe Community Christian Ministry

- 8 Emergency Housing Vouchers
- People who are chronically homeless
- Families with histories of domestic violence

Eliada Homes

- 8 Emergency Housing Vouchers
- Transition-age youth who are chronically homeless
- Families with histories of domestic violence whose head of household is a transition-age youth

Helpmate

- 10 Emergency Housing Vouchers
- People who are chronically homeless with histories of domestic violence, with priority given to people currently fleeing domestic violence
- Families with histories of domestic violence, with priority given to families currently fleeing domestic violence

Homeward Bound

- 21 Emergency Housing Vouchers
- People who are chronically homeless

We can set up a time to google meet about this next week if you want more input! I am going to cc Emily here in case she has any additional insight about who you should refer.
