Subject: HMIS info

Hey y'all, I think we're missing some exits and exit destination info in HMIS - I know you guys have a system so it may just be that the data entry hasn't caught up to your system yet. I just checked exit destinations for everyone who's been in so far and it shows:

- 9 exited to homelessness/unsheltered
- 1 exited to a Safe Haven, but I don't think that can be right unless she went to another community - Safe Haven is a HUD program that we don't have in our community
- 1 exited to stay with friends/family

Some of the exits I'm aware of that I don't see here are going to Transformation Village, going to jail, a different person than that one above who exited to friends/family, and those 3 folks in June who exited to housing. Can you guys take a look at all of that and see if there are updates to be made?

Thank you!
