Do you guys want to stay on the call after it ends to make a plan about inspections? If that doesn't work we can do another time today but thought it might be convenient

Jessie Cadieu

Kat isn't here you and I can talk on the phone. The wifi here sucks lol

I'll let you know when to hop on. Sue does not want me here till I test on day 5 which is tomorrow 🤔 said her husband didn't get symptoms until day 5

Hey, can you guys meet earlier than 11:30? If not that's totally fine - if so, let's do it and then I'll come over after for inspections before my 2:30 meeting
