Making sure all un necessary garbage taken out frim room otherwise I will nit count check out date until everything moves and all furniture fixtures including bed in good position

Mayank Patel

When I get message and will check that room and everything is ok as I mentioned above then check out date will count for that room

Jessie Cadieu

Ok. I thought we were putting our people in the rooms that had the furniture fixtures not together. We were going to put the parts under the beds and Move people in those rooms?

Mayank Patel

Then which room they moved from C=3 we have to check that room . If that room is not in condition then I will not count check out date

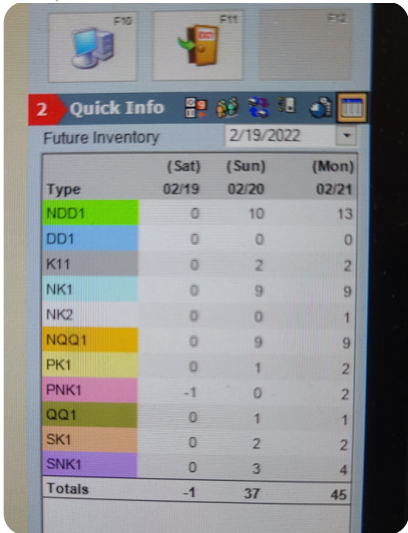

Mayank Patel

When you left that room was in condition. Making sure o need all room in condition when they moved before from C-3 . I will check on Monday with Emily after 12 noon when she will be here
