Hey! So I saw that the city is giving encampment sites 24 hours until they are evicted but they will be supported by law officer and outreach counselor beforehand. Is this like a job position that is going to be available?? Could it be a job for sunrise?? Someone shared it in our group chat and it caught my interest. Maybe for after April? ..just a thought tho! Hope you have the best weekend!
P.s I also have a list for things to tell you on Monday! â~°i, Lol!

The new policy states that a responding officer, along with outreach counselors, must visit any encampments in city limits within hours of learning of their existence.

As a member of the NCCPSS, I am excited to find out...
