Subject: Room move updates

Hello! Just finished our meeting and wanted to give you an update:

- Mr. Patel has the list of empty rooms and is going to check to see which are already cleaned and then get the others cleaned. He'll let us know which rooms are ready when, so we need to wait to move anyone until that happens.
- People need to take their linens (including the mattress covers) from their current rooms to their new rooms.
- He's going to work on the screws for 114 so you guys don't need to worry about that, and we can also move someone in there without that part being addressed (once it's cleaned).

Also can you get someone to follow up on getting the bags out of 206 (and doing the magic eraser on the headboard)?

Stay tuned and let me know if you have questions!
