Hi,

No worries. I wasn't aware of how many floors you have but I had a feeling all that you stated was basically what was going on. Thanks for clarifying. While I believe this woman does need assistance my job is to protect the animals while following the laws that I have to. She's hooked up with AHope. The (her) dog is safe with AHS and that is probably best for him.
Thanks.

Hi Becky!

Sorry it took so long to reply. We don't have a 4th floor here at the Ramada. Only 3 floors. We don't have a Nathan in our program. We are not taking any new people in the shelter except through referrals from Adult Protective Services and Jail diversion. We at times have people in our program that try and help others out by letting them stay or come shower ect. but that puts that person at risk for loosing there room. We have a strict no visitor policy. I hope this clarifies things. If you have more questions please feel free to reach out.

Hi,

I was forwarded an email back in September that I believe was written by Shannon Owenby but sent via you regarding a dog named Max after some incidents with his then owner Ryan Feggestad.

We have a new situation with a potential new resident within your group. An Ashley Morton stated to us, in the process of trying to reclaim her dog (unverified), that she will be moving into room 412 on Monday the 18th with a man named Nathan, but she stated she did not know his last name. "Her" dog, if she can reclaim him, is very nice and gentle but is a very large dog.

Do you know anything about this? Is she approved to be there, and if so, is her dog allowed to be there? Any info you could provide would be greatly appreciated.

She does appear to me to be a woman greatly in need of assistance.

Thanks,
