_____. Potential conflicts of interest do not preclude appointments.

Please indicate the area(s) of expertise that you can bring to the above board(s), and then in detail list education, experience, reasons for your interest, and other factors that support your interest in serving **Applicants are encouraged to provide a cover letter and/or a brief resume. Please use additional sheets if necessary.**

I have extensive knowledge of design and building as a result of 10 years experience with a local, family-owned builder. I've also had my real estate license since 2012 and am a practicing broker with Beverly-Hanks. I have worked closely with many local architects, interior designers, inspectors, landscapers, and contractors in both of my occupations. I have an understanding of plans and have built my own home in the past year so I know the process from start to finish.

I have always had a passion for architecture and urban planning. My degree is in communications and public relations and I feel my background and interests has led me to working in the construction and real estate fields. It's an exciting time to be in both fields and I take the time to follow local news, zoning, and proposed development in our area so I'm aware of what's going on. I've lived in Asheville for 12 years but have been visiting since the early 2000's so I've been a witness to the rapid change, some good and some bad. I'm able to understand the effects as a result of the development and how they affect our residents and visitors.

I want to contribute my knowledge and experience to the Design Review Committee and help advance Asheville in a responsible way. Thank you for your consideration.
