Please use additional sheets if necessary.**

I have been involved with noise matters since moving to Asheville in 2018, initially related to mitigation of noise impact from the I-26 expansion and later as the liaison between the Montford Neighborhood Association and the Coalition of Asheville Neighborhoods on the development of the new Noise Ordinance. I am interested in following on this by supporting the ongoing evaluation of the impact of the Ordinance as a neighborhood member of this Board.

Related, in the area of noise generated by live music, my 5-decade career has been in live performing arts management, including managing performance venues, representing artists, and producing and promoting music performances, tours and festivals, from both nonprofit and for-profit perspectives. Immediately prior to moving to Asheville I led and taught in the Graduate Arts Administration Program at the University of New Orleans for six years, deeply involved in the administrative aspect of that city's cultural life. Prior to that I was based in New York City, working extensively locally, nationally and internationally, and am a former Fulbright Specialist in the field of arts and cultural management

My education includes a BA from Bennington College in Vermont where I studied acoustics, and an MBA from Columbia University in New York City.
