Please use additional sheets if necessary.**

I am currently the co-chair of MMTC and feel that I have been a valuable member of the commission for multiple years. I would like to continue to help guide Asheville on its journey to becoming a more bicycle, pedestrian and transit friendly community. I am also an active member of Asheville's Bike/Ped Task Force.

As a cycling coach since 1987, I run my own business which includes being a bicycle advocacy consultant with SRAM. I worked as Program Director for Active Transportation Alliance/Chicagoland Bicycle Federation in Chicagoland and chaired the Bicycle Task Force at Cal Poly State University, San Luis Obispo, CA.

I deal with a wide variety of multimodal transportation users and have worked and continue to work in a wide variety of settings. Understanding how engineers and designers work along with how people actually use our transportation networks provides me with a perspective that allows me to effectively advocate for realistic change that impacts Asheville in a positive way.
