Jennifer,

We're still continuing the larger, safer together meeting. I must've missed adding your email but I'll do that now.

Hey folks,

I saw Amy's email canceling our Large Group Safer Together meeting next week, and am wondering if we'd like to go ahead and meet anyway to carry on the important momentum that this group has created for our community. I'm happy to host it in one of SeekHealing's zoom rooms - invitation to follow.

Additionally, my team has a prototype of the text-to-subscribe Overdose Spike & Contamination Alerts System that we've been working on, and I would love to share it with you all and do some collaborative brainstorming around how we want to launch it.

Kind regards,
Jennifer
