Forensic Genealogy will be covered in depth!

Advanced Police Concepts would like to invite you to our upcoming Cold Case Homicide Investigations Seminar hosted by the Wheat Ridge Police Department, 7500 W. 29th Avenue, Wheat Ridge, Colorado 80033; June 6-7, 2022 from 0830-1700.

Cold case homicide investigations are some of the most difficult and frustrating cases a detective will ever work, BUT they are also the most rewarding. This two-day seminar focuses on how to resurrect these cases and hopefully give the family some closure. Don't miss out on this fantastic class.

INSTRUCTOR: Detective Jen Spears

The cost is only \$259 per student.

Limited capacity. Don't miss out! This is an introductory price.

Cold Case Homicide Investigations Seminar

"Detective JEN SPEARS has over 17 years experience in homicide investigations and numerous cold case success stories."

Detective Jen Spears

Topics will include:

- Which case should you choose?
- Re-examining old cases, what should you look for?
- Forensic technology changes that may affect your cold cases.
- Re-contacting the family – what do you say?
- You got a DNA hit, now what?
- Genetic genealogy – what is it and can this work for our case?
- Re-interviewing witnesses after 5, 10, 20 years.
- How to administer a photo line-up after 20 years.
- Should I re-interview the original detective? - Early mistakes that haunt a case and how to overcome them.
- There will be multiple case studies presented over the two-day course.

INSTRUCTOR:

Detective Jen Spears is an experienced homicide and cold case detective with the Seminole County Sheriff's Office in central Florida for 22 years. The majority of that time spent in criminal investigations serving in a variety of assignments. Jen has collaborated with numerous agencies around the nation through her casework and has received several accolades for her accomplishments in cold case investigations. Jen also serves as a committee member on the Florida Sheriff's Association Cold Case Advisory Commission. Jen was selected to serve on the National Review Board for ViCAP as well as a board member for Project: Cold Case. Since solving a 1984 cold case using investigative genetic genealogy

in 2019, Jen serves as the Director of Law Enforcement Investigations for Innovative Forensic Investigations.
