Chief,Â

Does this sound good?

Hi Marcus and Darian,Â

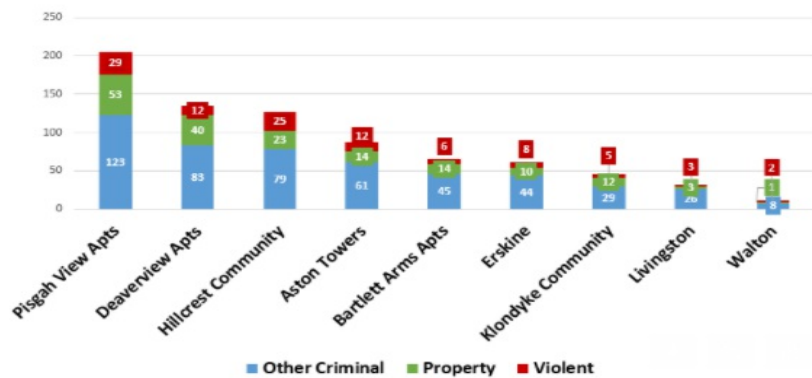

Sorry for the delay, but there was a lot going on this week. Following-up from our meeting on Wednesday, here are some numbers on the calls for service and crimes reported within each public housing complex.Â

These following averages represent APD calls for service received from within each complex:Â

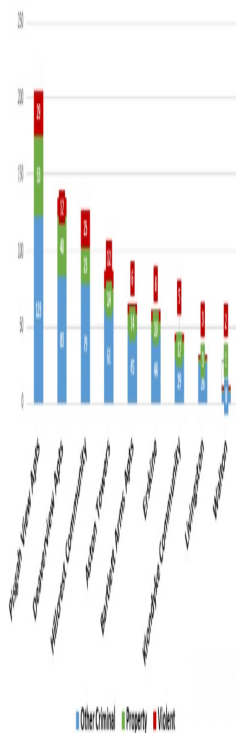

Here's a chart for 2021 calls for service by complex:Â

2021 Crimes

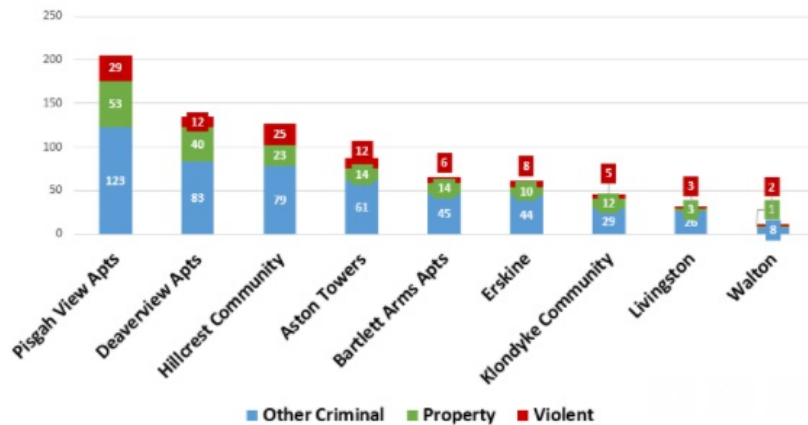

The next table summarizes crime reported within each complex categorized into violent, property and other crimes. Violent crime is defined by the FBI's UCR Part I as composed of four offenses: murder and nonnegligent manslaughter, rape, robbery, and aggravated assault. Property crime is defined by the FBI's UCR Part I as burglary, larceny-theft, motor vehicle theft, and arson. Other crime includes FBI's UCR Part II crimes and all local and state offenses.

2021 Crimes

Here's a chart for 2021 crimes by complex:

If you have any questions or have need for additional information, please let Chief Zack and myself know and I'll get back with you as soon as possible.
