Let me check in this. I don't see why you can't attend, although Kim and Gwen would be the voting members. Again, I'll check.

Hi Esther,

I am really concerned about an upcoming meeting between the MPO and the DOT. I am opposed to the Merrimon Avenue proposal. I feel that the two representatives from the city does not represent the voice of the marjority of the community. I would like to be present at the meeting. Please advise. Thank you.

Sincerely,

Sandra
