ï»¿Gwen

I am circling back to you as I have not heard anything from Mr. Putnam or anyone at the city about this matter. I see some traffic work beginning on Merrimon that will ultimately push even more traffic to Kimberly so itâ€™s important to get a plan in place that properly coordinates the impact of the Merrimon changes with Kimberly Avenue. Itâ€™s getting worse out there by the day.

Thanks for any assistance you can provide.

Don Carson

I am forwarding the correspondence below at the suggestion of Lee Arevian (see below). I am sure you can relate to my comments if you too live on Kimberly. I would have far less of a beef if people observed the traffic rules but they routinely do not. In addition to the other suggestions I made below, perhaps speed bumps should be considered. I know some people find these aesthetically unattractive, but they probably would solve the problem. If the traffic laws are not going to be enforced, maybe this is the only solution. Any help or suggestions you could provide would be appreciated.

Thanks

i»;Thanks for reaching out Don. Good points all. Itâ€™s part of why so many of us fought the Merrimon lane reduction â€” there will be repercussions for Kimberly. Unfortunately, thereâ€™s not a lot we can do now, but the Board will be meeting this week, and weâ€™ll look at putting something together to try to push for some changes on the street.

As you also probably know, Councilperson Wisler lives on Kimberly. Sheâ€™s not running again, but may be of some help in trying to get signage done before she leaves. You can reach out to her at gwenwisler@avl council.com

Don Carson just submitted your form: Contact
on [Groveparknew](#)

Message Details:

Name: Don Carson

Email: dpcarson@mac.com

Phone: 4048088782

Address: 385 Kimberly Avenue

Subject: Kimberly Avenue traffic

Message: I am curious if there are any pending plans to deal with the worsening traffic situation on Kimberly. There seems to be more traffic, consistent speeding over the limit, not stopping at stop signs, trucks ignoring the "no trucks" signage, etc. All this ahead of the planned changes on Merrimon. At a minimum, I'd like to see some signs flashing at speeders, like on Charlotte Street. Some enforcement of the existing rules by the police department would help. Big signs saying "no through traffic" might help. Just thought I'd check in on any pending plans. Thanks.
