I'm not sure if we still have the voicemail. Amy can you look for this?

Mike, Jessica,

The public comment is the one discussed here at a MMTC. It came in via phone message line as an official public comment:

Mike is asking for the audio recording, which the committee did not play out loud.

Jessica,

On another note, what are the steps I would need to take to secure a copy of a call in public comment to a MMTC meeting? Last summer or fall, a woman shared her experience of being hit by a car in the crosswalk on Merrimon.

I can dig to find the meeting date but how to I secure the women's comments?

See the linked folder; I'm looking to see what else I can find. Hope these help!

I have a couple of good fender bender photos in there from turning motions.

Hi there, do you guys happen to have any photos of the crappy bike/ped situation on Merrimon? Preferably of people trying to bike or walk on Merrimon?
