Subject: Support ACAE-BCAE School Board Endorsements

Sandra Kilgore,

Dear Asheville City Council Members,

I support the Asheville Association of Educatorsâ€™™ and Buncombe County Association of Educatorsâ€™™ endorsement of Libby Kyles and Jacquelyn Carr McHargue, but I cannot endorse Pepi Acebo. He used his position as PTO head of MNSA to distribute information to parents that was skewed toward his own agenda.

I feel it is important that BOTH parents and educators' voices be given strong consideration as you deliberate on the choices before you. I am not 100% convinced that Asheville Association of Educators (ACAE) has the best interest of students mental health in mind when endorsing these candidates.

I believe ACS will be strengthened by a school board that is open to two way communication with the stakeholders they represent.

Thank you,
Dr. Kristi Miller
parent of one Claxton, 2 MNSA and 1 SILSA student.
