Subject: Support ACAE-BCAE School Board Endorsements

Sandra Kilgore,

Dear Asheville City Council Members,

As a member of the Asheville City Schools community, with children at both Isaac Dickson and Montford North Start, I am deeply invested in your decision of school board appointments. Until such time as voters are able to directly select board members, it is important that you consider educators' and parents' voices while deliberating on your choices.

I trust that the Asheville Association of Educators (ACAE) has the best interest of educators and students in mind with their endorsement, and agree with them that our community is best served by a school board that is open to two way communication with the stakeholders they represent. I personally support the candidacy of Libby Kyles and Pepi Acebo, and support the Asheville Association of Educatorsâ€™™ and Buncombe County Association of Educatorsâ€™™ endorsement of these candidates, as well as Jacquelyn Carr McHargue.

Thank you,
Daniel L. Bridgeman
