---

I am writing to state that Libby Kyles, Pepi Acebo and Jaquelyn McHargue Should be appointed next ACS board members. They have support Frim many parents, teachers and administrators as well as the ACAE AND BCAE.  
Please make thought decisions about the future of ACS. I've never witnessed so many superintendents nor principals at a high school in my life. It's time to show your community you are listening and care.  
Your actions will be noted when the next elections come about.  
We need leaders who are brave and honest and do what it right.  
Thanks so much,  
Andrea Freeman

(Hope I hear from someone other then the one person who takes time to respond to all emails.)
