Subject: Board of Education applicants

Dear Councilmembers,

I wrote to you last week regarding my concerns about the Asheville City Board of Education. I shared my support for Libby Kyles, Pepi Acebo, and Kate Brewer Fisher to fill the upcoming spots on the Board. I understand that earlier today, a vote was taken to exclude these applicants from consideration for the position. I further understand that this vote was not unanimous.

I am respectfully asking you to interview ALL applicants for positions on the Board. As I expressed in my previous email, the current Board is operating in a way that has raised concerns across our district, and a change is needed. I have known Pepi, Libby, and Kate to be involved, informed, and passionate about our school district, our students, and staff. They deserve to at least be considered.

Thank you,
Courtney Sullivan
