Subject: New ACS School Board

Dear City Council,

We need new members on the ACS school board. I have two children in your school district and another one that has dropped out. We need dedicated people willing to do the real work especially with equity and equality and closing the opportunity gap of our schools. We need Pepi Acebo, Kate Fisher Brewer and Libby Kyles. I am writing today to recommend that you please elect these three people to the ACS school board, our school's and our children's education are important and these three people have demonstrated their ability and desire to be the helpful change we need for this board. Thankyou,

Samantha Simpson
Asheville resident and mother of 2 ACS students
