Subject: School Board nominees

It has come to my attention that Libby Kyles, Kate Brewer Fisher and Pepi Acebo have all applied to be considered for the school board. I have the pleasure of knowing all three of these folks. Libby was my youngest 's 5th grade teacher and I have been a supporter of her YTL program. Kate has been a friend and fellow parent, and anyone who knows her knows that she is a passionate supporter of education. Pepi has been an ardent part of the PTA for a long time, and doesn't miss a meeting.

All three of these Avl city citizens would be an asset to our board in my opinion. They all have a sincere love and investment in Asheville city schools.

Thank you,
