**Subject:** Please consider Pepi Acebo

---

Dear Council Members- I am an Asheville resident of 17 years and a parent with 2 children in Asheville City Schools (Isaac Dixon). I am also a Psychologist and work with families in the Asheville community.

I am aware Pepi Acebo is a candidate for the Board of Education. I very much hope you will consider voting for him.

I know Mr. Acebo through interactions at school and I believe he would be an ideal board member. I have reached out to him personally to understand more fully issues that face our schools and have found him to be extremely well informed, aware of the historic issues and very open minded.

I am aware that he already devotes a significant amount of his personal time to school-related issues and I believe the Board would benefit greatly from his knowledge, commitment, expertise, and his ability to explore issues from multiple perspectives.

I truly hope you will consider voting him to the Board.

If you have additional questions, I can be reached by email or phone at 838-545-0437.

Respectfully- Sandy Newes
