Subject: ACS Board - Pepi Acebo

Dear Asheville City Council Members,

I am writing to express my support for Pepi Acebo to the ACS Board. I have seen Pepi at work through our many overlapping years as parents at Isaac Dickson and he is the definition of an impassioned, concerned, educated and involved parent. He has been involved in every community and parent-led effort to gather, fundraise, organize and support teachers and students in our public schools and he is a natural leader. I know his information and insight sharing has helped keep our family informed of changes and challenges to the schools throughout the years and I know he will be a valuable and effective member of the ACS Board.

Sincerely,

Tanya Triber
ACS Parent of 10+ years
