

Goals

[illegible]

- ### Scoring

HMIS projects are scored on a 150-point scale.

Scores for all projects will be entered into an accompanying, weighted scoring sheet to account for differences in point scales in order to accurately compare project scores.

Coordinated Entry System (CES): CoC-wide process by which people experiencing homelessness access Rapid Rehousing and Permanent Supportive Housing interventions.

Continuum of Care meetings are defined as the Homeless Initiative Advisory Committee and its workgroups and the Homeless Coalition.

Using the Scorecard

Create a copy of the original document for every Project Application scored.
