

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2022 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile) must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Unique Entity Identifier (UEI) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2022 Continuum of Care (CoC) Program Competition. For more information see FY 2022 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2022 CoC Program NOFO.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2021 Project Application will be imported into the FY 2022 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2022 CoC Program Competition NOFA.

Information About Submission without Changes

Follow the instructions below making note of the exceptions and limitations to the “Submit Without Changes” process.

In general, HUD expects a project’s proposed project application information will remain the same from year-to-year unless changes are directed by HUD or approved through the grant agreement amendment process. However, HUD expects applicants to carefully review their information to determine if submitting without changes accurately reflects the expiring grant requesting renewal.

The data from previously submitted new and renewal project applications can be imported into a FY 2022 renewal project application. The “Submit without Changes” process is not applicable for:

- first time renewing project applications
- a project application that did not import last FY 2021 information
- a project that had Issues or Conditions that were addressed in FY 2021 Post-Award and updates need to be reflected in the FY 2022 project application
- a project that had amendments approved in FY 2020 or FY 2021 that need to be reflected in the FY 2022 project application

e-snaps will automatically be set to “Make Changes” and all questions on each screen must be updated.

The e-snaps screens that remain “open” for required annual updates and do not affect applicants’ ability to select “Submit without Changes” are:

- Recipient Performance Screen
- Consolidation and Expansion
- Screen 3A. Project Detail
- Screen 6D. Sources of Match
- All of Part 7: Attachments and Certification; and
- All of Part 8: Submission Summary.

All other screens in Part 2 through Part 6 begin in “Read-Only” format and should be reviewed for accuracy; including any updates that were made to the 2021 project during the CoC Post Award Issues and Conditions process or as amended. If all the imported data is accurate and no edits or updates are needed to any screens other than the mandatory screens and questions noted above, project applicants should select “Submit Without Changes” in Part 8. If project applicants imported data and do need to make updates to the information on one or more screens, they must navigate to Part 8: “Submission Without Changes” Screen, select “Make Changes”, and check the box next to each relevant screen title to unlock screens for editing. After project applicants select the screens they intend to edit via checkboxes, click “Save” and those screens will be available for edit. Once a project applicant selects a checkbox and clicks “Save”, the project applicant cannot uncheck the box.

Please refer to the Detailed Instructions found on the left side menu of e-snaps or hud.gov to find more in depth information about applying under the FY 2022 CoC Competition.

- 4A: section has new questions to be answered this year that were not part of FY2021 application
- 6A: updated funding request
- 6D: updated match amount
- 6E: updated budget to reflect CoC reduction
- 7A: updated Certification of Consistency with Consolidated Plan and updated in-kind match letters
- 7B: updated certification

You have selected "Make Changes." Once this screen is saved, you will be prohibited from "unchecking" any box that has been checked regardless of whether a change to data on the corresponding screen will be made.

Recipient Performance

1. Did you submit your previous year's Annual Performance Report (APR) on time? Yes

2. Do you have any unresolved HUD Monitoring or OIG Audit finding(s) concerning any previous grant term related to this renewal project request? No

3. Do you draw funds quarterly for your current renewal project? No

3a. If no was selected, explain why CoC Program funds are not drawn quarterly.

Staff turnover has hindered attempts to maintain quarterly draw schedule. With a new staffing structure now in place that includes capacity expansion specific to CoC activities, we anticipate maintaining a quarterly draw schedule going forward.

4. Have any funds remained available for recapture by HUD for the most recently expired grant term related to this renewal project request? Yes

4a. If HUD recaptured funds provide an explanation.

Our customary HMIS-related training and travel expenses were significantly decreased in 2021 due to the COVID-19 pandemic, and our annual HMIS vendor costs were heavily offset by other COVID response funding. As a result, \$28,579.03 was recaptured. We do not anticipate any funds being recaptured from our current grant.

Renewal Grant Consolidation or Renewal Grant Expansion

The FY2022 CoC Competition will continue offering opportunities to expand or consolidate CoC projects.

1. Expansions and Consolidations will submit individual applications.
 - a. Expansions will ONLY submit a Stand-Alone Renewal application and a Stand-Alone New application.
 - b. Consolidations will ONLY submit individual renewal project applications, identifying the renewal application that will survive, and the renewal applications that will terminate. Up to 10 grants may be included in a consolidation.
2. HUD HQ will combine the budget data (e.g., units, budgets) for Expansion or Consolidation requests from the individual project applications selected for conditional award and provide a data report with further instructions for the field office and conditional recipient.

User fees, support services and local HMIS implementation are included in this project.

4A. HMIS Standards

This screen is currently read only and only includes data from the previous grant. To make changes to this information, navigate to the Submission without Changes screen, select "Make Changes" in response to Question 2, and then check the box next each screen that requires a change to match the current grant agreement, as amended, or to account for a reallocation of funds.

1. Is the HMIS currently programmed to collect all Universal Data Elements (UDEs) as set forth in the FY 2022 HMIS Data Standard Manual? Yes

2. Does HMIS produce all HUD-required reports and provide data needed for HUD reporting? (i.e., Annual Performance Report (APR)/CoC reporting, Consolidated Annual Performance and Evaluation Report (CAPER)/ESG reporting, Longitudinal System Analysis (LSA)/Annual Homeless Assessment Report, System Performance Measures (SPM), and Data Quality Table, etc.). Yes

3. Is your HMIS capable of generating all reports required by all Federal partners including HUD, VA, and HHS? Yes

4. Does HMIS provide the CoC with an unduplicated count of program participants receiving services in the CoC? Yes

5. Describe your organizations process and stakeholder involvement for updating your HMIS Governance Charters and HMIS Policies and Procedures.

NC-501 participates in a multi-jurisdictional implementation of HMIS along with 7 other CoCs in North Carolina. Each CoC has voting representation on the NCHMIS Governance Committee.

The NCHMIS Governance Committee designates a Policy Committee, composed of Governance Committee members, to review and revise the by-laws annually as needed. The Policy Committee receives feedback and input from the full Governance Committee, drafts recommended revisions, and presents recommendations to the Governance Committee. By-law revisions are approved locally by each CoC, and CoC representatives serving as Governance Committee members vote on all revisions to by-laws.

HMIS Policies and Procedures are updated annually through a collaborative and iterative process between the Governance Committee, individual CoCs, and the selected HMIS Lead, the Michigan Coalition Against Homelessness (MCAH). MCAH submits initial draft updates to the Governance Committee for review and approval. Governance Committee members review the updated Policies and Procedures locally within each CoC and provide feedback or request additional changes to the draft document. Based on local/individual CoC approval, Governance Committee members vote to approve the final updates and new annual version of the implementation's HMIS Policies and Procedures.

6. Who is responsible for insuring the HMIS implementation meets all privacy and security standards as required by HUD and other federal partners?

Participants at every level of the HMIS implementation are responsible for meeting all privacy and security standards as required by HUD and other federal partners. The NCHMIS Governance Committee is responsible for approving annual Policies and Procedures that require and comply with privacy and security standards. MCAH is responsible for working with the selected vendor, currently WellSky, to ensure the technical aspects of the system continually comply with current data standards. As the Local System Administrator for the NC-501 HMIS, City of Asheville staff are responsible for ensuring that implementation within and across the CoC complies with privacy and security standards. Finally, end users of the HMIS are responsible for complying with the User Agreement that must be executed prior to their receipt of an HMIS license and that includes requirements related to ethics, privacy, and security. All system users are trained in privacy and security prior to receiving an HMIS license and again annually throughout their tenure as end users.

7. Does the HMIS Lead conduct Privacy and Security Training and follow up on privacy and security standards on a regular basis? Yes

8. What is the CoC's policy and procedures for managing a breach of Personally Identifiable Information (PII) in HMIS?

Suspected security or privacy incidents are reported immediately to the CoC's HMIS Local System Administrator (City of Asheville staff). The Local System Administrator must investigate the incident within one business day, by running applicable audit reports, and by contacting MCAH staff for assistance with the investigation. If the System Administrator determines that a breach has occurred, and/or the staff involved violated privacy or security guidelines, the client record(s) in question must be immediately locked down and the Local System Administrator will submit a written report to the NC HMIS Project Director and CoC Chair within two business days. A preliminary Corrective Action Plan will be developed and implemented within five business days. Components of the plan must include at minimum supervision and retraining. It may also include removal of HMIS license, client notification if a breach has occurred, and any appropriate legal action.
