I asked our media supervisor to do a search for the series and check them out for me. She said that the only set we have is at North. I asked her to check them out tomorrow, leave them with Dr. Sullivan, and tell him you plan to drop by to pick them up for a review before school starts.

Thanks. I was told WBHS was the only school in the district that had the series. I live in Leland. Leave them with Dr Sullivan and I will arrange to pick them up from him.

Mr. Gainey,

This book series is actually located in the library at North Brunswick High School. I will grab the series for you tomorrow and let you know when I have them available for you to pick them up.

Mr. Gainey,

Thank you for your email and please excuse the delay in my response, as I attended our football scrimmage this morning and have been involved in meetings and interviews for much of the day. One of those meetings was our school's Instructional Meeting, which included Superintendent Cole. I saw your email shortly before that meeting, and in an effort to make sure I responded appropriately to your request, I mentioned your request with Mr. Cole.

I will certainly be happy to assist in providing the series you mentioned; however, our Media Coordinator does not report to work until next week. Because I am not sure how to locate the book(s) that are a part of this series without his assistance, we will be reaching out to the appropriate individual/department at the district level to help us locate the series. As soon as we are able to locate the series in question, we will make sure to get it to you as quickly as possible. I will reach back out as soon as we have located the series.

Thank you for your patience, understanding, and support.

Hi Scott. If you're attending the Supply Middle School event today can you possibly do me a favor? Your media center has the series "Unlocking Current Issues." West is the only school that has this material in the district. Is there any way you could check it out and bring it to me today? I will be certain return the material prior to the start of class. Call me if you have any questions. 336-618-1392.

Regards

Steve Gainey
