Good morning,  
Barry Butler passed your info on to me. He is out of town on Vacation.  
I took a quick look at the properties that appear to belong to the Town of Columbus.  
Surveying any one of them would be roughly \$750-\$850. If we surveyed all 4 on my sketch (attached) they would be looking in the \$1,800-\$2,000 range.  
This would be a standard Boundary survey, marking the lines and a new plat etc.  
I would plan to show all 4 lots on one plat if they go that route.  
Could also reduce the cost a couple hundred dollars if we do not mark the interior lines.

Thank you,  
Josh
