Brent,

Maybe you can use my email to make the point other people are noticing. Thanks for the reply.

John

I've brought it up several times but for some reason nothing gets done.

Pat,

I don't know if you have noticed but all of the decorative street lights that the town owns except one are not working. The lone operating light is the one in front of Southern Manners.

Daylight savings time will be ending in a little less than a month and then it will really dark early.

I don't know if they need a bulb replacement or a ballast replacement.

Just passing the information along.

John
