51
52 **Item #7. Presentation by Cliff Marr Regarding Municipal Election in Polk County**
53 Mr. Marr from the Board of Elections presented the 2023-2024 session. Mr. Marr stated there
54 had been major changes to municipal elections, such as moving to even-numbered years. Mr.
55 Marr said board members will need to file for office next July 2024; there is no change for the
56 mayor's office but specifies that the mayor will stand for election in 2024 and every two years
57 after that. Mr. Marr added that there is some confusion on the wording for councilmembers
58 under part 2.3: where states "the term of the mayor and two council members" should read as
59 "the term of the mayor and three councilmembers." Mr. Marr stated the voters would see two
60 very different things in the voter's ballot: instead of having just one ballot for just city council,
61 now voters will have city council, state, county, and federal voting. Secondly, two different
62 ballots, one for the county and one for the city. Mayor McCool asked whether the board would
63 pay part of the election as they have in the past. Mr. Marr stated the cost will not be the same as
64 previous years, he believes the cost will be zero but will certainly let the Town Manager know if
65 anything changes.

66
67 **Item #8. Discussion regarding the house 75 Beechwood West**
68 Lora Baker stated the town has gone through the ordinance's policies, there was a judicial
69 hearing, and the property owner did the requirements that the court ruled. Mr. Barth stated the
70 property owner did take care of the things at the time. Mr. Barth added it is an abandoned
71 structure but will ask the county building inspector to determine if it is, in fact, an abandoned
72 structure. Mr. Barth stated the issue might be to get inside the house. Chief Hamby stated he
73 could get an administrative warrant inside the house. Attorney Baker stated she would
74 investigate the administrative warrant. Mr. Barth stated there is a formula they will need to
75 follow since the state changed its laws regarding the difference between dilapidated and
76 deteriorating.
77 Attorney Baker stated there needs to be a reassessment of the house to see what has changed and
78 what needs to be done. Mayor McCool stated the board understands that it is a problem, but the
79 board wants to make sure the town does not do anything illegal to where the town will have to
80 build another house for the property owner. Mayor McCool added the town will assess the issue
81 with the administrative warrant and will keep the case in town council meetings.
82 Councilman Jackson asked when will the culvert be fixed. Mr. Smith stated it must be done early
83 morning; once Prince Paving comes in, he will take them and asked how long the process will
84 take since the road must be closed.

85
86 **Item #9. Public Hearing on Consideration of Rezoning Certain Property from R-2 to HC**
87 Mayor McCool opened the public hearing for consideration of rezoning certain property from R-
88 2 to HC.

89 Mr. Barth stated two properties are zoned R-2 located on Ogle Street. The neighboring properties
90 that are in between are zoned Highway Commercial.

91 Ms. Lunsford from Ogle Street stated it is very concerning to have the property zoned as
92 highway commercial because she has grandkids that will be neighboring an unknown
93 commercial business.

94 Juanita Odel, the property owner, stated in 2019 she took ownership of the property. Ms. Odel
95 stated she had received letters from Town Manager, Mr. Barth, regarding the property's
96 conditions. Ms. Odel stated that neighboring properties are highway commercial because back in
97 the day, the post office was thinking of buying the property to use it as a potential set office, but
98 instead post office bought the primary location on Ward Street. Mayor McCool asked if it would
99 work best to have the neighboring properties as residential. Ms. Odel stated the highway is right
100 below, and the town needs to build the city up and help clean the property. Mayor McCool added
101 the property owner is responsible for cleaning up the property. Councilman Jackson stated if the
102 current tenants living at the property are not following the rules, the property owner could evict
103 them. Mayor McCool asked if the planning board had had a chance to listen to the request. Mr.
104 Barth stated the planning board had said the same thing as the council.

105
106 Mayor McCool closed public hearing.

107

114 **WWTP**

115 Mr. Barth stated the town needs to determine what they can do with the sheet wall at the
116 wastewater treatment plant, either push it back or build a new fence. Mr. Barth added the only
117 way to know is by digging deep into the soil and getting the samples. Mr. Barth stated
118 Councilman Jackson had found a company that would do the job for a reasonable price.

119

120 Councilwoman Kennedy made a motion to approve the contract to construct a temporary road at
121 the wastewater treatment plant. Councilman Hall seconded, and the motion carried
122 unanimously.

123

124 **Item #12. Consideration of a Pay Increase for ABC Board Members**

125 Councilman Jackson asked how many meetings the ABC Board Members have a month. Mayor
126 McCool stated two meetings per month. Councilwoman Kennedy stated the ABC board only
127 requires one meeting per month. Councilwoman Kennedy added she was at some point head of
128 the board and believes it needs to be set as one set payment per month, not per meeting.
129 Councilman Hall stated he likes monthly pay instead of per-meeting pay. Mayor McCool stated
130 he would like the increase to be \$250 per month since the ABC Board committee are a good
131 group of people that work hard. Councilman Hall asked how many members were on the board.
132 Mayor McCool stated three board members. Councilman Hall added that he would like to see the
133 increase to \$200 monthly. Councilwoman Kennedy motioned to increase the pay to \$200
134 monthly regardless of how many meetings the ABC Board meets a month. Councilman Jackson
