46

47 **Item #7. Consideration of Amending the UDO regarding Commercial for Lease or Rent**  
48 **Signs**

49 Mr. Barth added that he is distributing the appropriate paperwork on page 196 from the Unified  
50 Development Ordinance section F1(a) 2.

51 Mayor McCool asked if section 5 of page 196 is asking about the 30 days for the whole property  
52 or if it is for each business. Councilman Phillips asked about the sign located on the  
53 sidewalk/brush area in front of Columbus Commons. Mr. Barth stated he would handle the issue  
54 with the sign.

55 Councilman Phillips made a motion to add the following sentence to the UDO under page 196,  
56 section F2: For any commercial property with a master sign offering all or part of the property  
57 for sale, for lease, or rent may only appear on the master sign of the property; no indivial signs  
58 will be allowed. Councilwoman Kennedy seconded, and the motion carried unanimously.  
59

60 **Item #8. Appearance of Rodney Dofort, Managing Partner of Iron Key Brewing**

61 Rodney Dofort, managing partner of the Iron Key, was present at the meeting. Mr. Dofort added  
62 an Iron Key to the front yard for family & relaxation. Mr. Dofort added he cannot open Monday  
63 and Tuesday due to not having appropriate kitchen staff to cover and cannot serve quality food.  
64 Mr. Dofort stated the establishment is brick & mortar, pays taxes, is away from the main street,  
65 and conducts business within the premises. Mr. Dofort requested to give him until the end of  
66 November to show the town council the advantages of having a food truck on a Monday and  
67 develop a business that brings people into Columbus. Mr. Dofort added he is asking for the town  
68 council to give a more flexible and reasonable food schedule. Mr. Dofort stated the fees went up  
69 20 times from \$75 for six months to a new rate of \$250 for each month. Mayor McCool asked if  
70 the food trucks would come once a month. Mr. Dofort added he would like to have them every  
71 Monday. Councilman Phillips asked if having food trucks would add quality to his restaurant  
72 food. Mr. Dofort added it is up to them to choose a quality food truck. Mr. Dofort asked if the  
73 Council thinks it is negative to have food trucks at the Iron Key. Councilman Phillips stated he  
74 does not feel it is a negative thing to have food trucks. Councilman Phillips added that food  
75 trucks do not add sales tax to the town. Councilman Phillips asked if the bar is open during food  
76 truck hours. Mr. Dofort added it is open. Councilman Phillips asked if this was about serving the  
77 community or serving more alcohol. Mr. Dofort added they are serving alcohol as well as a  
78 variety of other drinks. Mayor McCool stated that \$250 will be divided into 4 Mondays a month,  
79 with the property owner paying half while the food trucks will pay around \$31.25 each time to  
80 the Iron Key. Councilman Phillips stated food trucks can get the permits and not only sell at the  
81 Iron Key but can also set up in any private lot with owners' permission for 30 days. Councilman  
82 Hall added he would like to see some change. Mayor McCool asked if Iron Key was benefiting  
83 from the food truck sales. Mr. Dofort added he is not getting any profit from that, only from  
84 beverages/alcohol sales. Councilman Phillips added he feels like Mr. Dofort has yet to make an  
85 argumentative point for the ordinance to be changed. Councilman Phillips added if Mr. Dofort is  
86 willing to pay \$250 every 30 days, let him bring a food truck every Monday. Mr. Dofort stated  
87 he would like to propose he would like to pay \$250 for the Iron Key location for the next four  
88 months if the town can change the wording regarding the location of food trucks. Councilman  
89 Jackson added that the fee of \$250 has not been something he agrees there needs to be some

90 change. Councilwoman Kennedy asked if Mr. Dofort was asking to pay \$250 for the month and  
91 allowed any food truck to come in Monday and Tuesday. Mr. Dofort stated yes, that is what he is  
92 asking. Mayor McCool added there is probably something that can be changed in the ordinances,  
93 but it will not happen tonight. Attorney Baker said the only thing the town council can change in  
94 the meeting is to amend the schedule of fees for food trucks.

95 Councilman Jackson made a motion to amend the fee schedule to \$75 per month. Councilman  
96 Hall seconded. Councilmen Jackson, Hall voted in favor. Councilwoman Kennedy and  
97 Councilman Phillips voted opposed. Mayor McCool voted opposed. The motion denied 3 to 2.

#### 98 99 **Item #9. Proposed Municipal Code Changes**

100 Attorney Baker explained the legislature decided to change a lot of municipal ordinances to be  
101 de-criminalized to go into civil penalties. Attorney Baker added there are several sections for the  
102 town council to look over. Councilman Phillips asked if the state sets this or if the town council  
103 makes changes. Attorney Baker stated it could be changed.

104 Councilman Phillips made a motion to table the proposed municipal code changes until there is a  
105 day set for a legal session with the attorney. Councilwoman Kennedy seconded, and the motion  
106 carried unanimously.

107  
108 Mayor McCool set the special meeting for September 22, 2023, at 5 p.m.

#### 109 110 111 **Item #9B. Chocolate Drop**

112 Severine Bennett and Jon Wayne, residents of Chocolate Drop Subdivision, were present at the  
113 meeting. Ms. Bennett added she had learned that the Town of Columbus had annexed the lower  
114 portion of Chocolate Drop Rd, which is actually owned by her neighborhood. Ms. Bennett added  
115 she wants the town council to consider annexing the remainder of Chocolate Drop Rd, around  
116 850 ft. Ms. Bennett added the town is currently responsible for the maintenance of all the roads  
117 on Chocolate Drop Mountain, with the exception of Golden Maple Drive, the Upper portion of  
118 Majestic Rock, and the 850 ft of her neighborhood road. Ms. Bennett is asking for the town to  
119 take over the maintenance of the remaining 850 ft. but just maintenance of the hard surface of the  
120 road, such as snow plowing and salting the row. Ms. Bennett added she is not asking the town to  
121 mow or trim trees around the road. Mayor McCool asked if they wanted to be annexed into the  
122 town.

123 Ms. Bennett added the subdivision would not want to be annexed. Councilman Phillips asked if  
124 the town was annexed or if the town took over the maintenance of the road. Mr. Barth, the town  
125 took over maintenance of the road and has not annexed anything into their neighborhood. Mr.  
126 Barth added Lone Cypress Trail was a private road, and it needed to be public to access the trail.  
127 Councilman Phillips asked if Ms. Bennett was asking for the town to take over the road without  
128 the subdivision paying for anything. Ms. Bennett added the town employees are going to be  
129 working on that road already, and it will be a financial burden for her neighborhood to find  
130 someone that would want to work on an 850 ft of road. Mr. Barth added it is possible to add the  
131 road to the maintenance system, and to the Powell bill system will bring around \$500 to the town  
132 yearly. Mr. Barth stated if the subdivision agrees for the town to take over the 850 ft of the road,  
133 the town can specifically do it for snow removal and maybe treat the road for snow, and that  
134 would be it. Ms. Bennett added that would be a problem because the town will refuse to repave  
135 the road. Mayor McCool added the town gets thirty-one thousand dollars to repave the roads, and  
136 it is not just her road that is affected by this; it is all the town roads. Councilman Phillips added

137 to release all the roads to the county. Attorney Baker asked to table the proposal, and she will  
138 write up a formal proposal.  
139 Councilman Jackson made a motion to table the request made until Attorney Baker proposes a  
140 formal proposal. Councilman Phillips seconded, and the motion carried unanimously.  
141

142 **Item #1. Reports**

143 **a. Council Report:**

144 Councilman Phillips asked if the Columbus Police Department was fully staffed. Chief Hamby  
145 added they are fully staffed.

146 Councilman Jackson wanted to thank Public Works for helping out on Thorne Avenue and for  
147 fixing the potholes.

148 Councilwoman Kennedy asked about pot holds. Mr. Smith stated everything has been taken care  
149 of.

150 Councilwoman Kennedy asked for an update regarding blue waters pools. Mr. Barth added he  
151 spoke with them, and they told him that they are waiting for more revenue to come in.

152 Councilwoman Kennedy asked if the town could do something to avoid the water issue. Mr.  
153 Smith added he would look into it.

154 Councilwoman Kennedy stated Ms. Campbell has spoken with her regarding the ditch problem  
155 and rain problem. Mr. Smtih stated they have mowed around there but will look.

156 Councilwoman Kennedy asked about the fire hydrants. Mr. Smith added the paint has been  
157 ordered and has contacted a company from Raleigh to see if they can come and paint them and  
158 sandblast them.

159 Councilwoman Kennedy asked about the administrative warrant in Beechwood. Mr. Barth stated  
160 the county determined it would cost over 100k to fix the problem, and the house is valued at

161 175k, which is more than 50% out of compliance. Mr. Barth added the building inspector was  
162 condemned for habitation purposes, meaning nobody could live or occupy the house unless

163 authorized to. Mr. Barth will send a letter to the property owner to let her know she needs to fix  
164 the problem and the town will need to wait a year. Mr. Barth added he has sent a letter for the

165 property owner to trim and cut down the bushes; the town will wait until the end of the month.  
166 Councilwoman Kennedy asked about the leak of water in Thorne Ave. Mr. Smith added he has

167 yet to have the chance to replace it since the intersection will need to be closed.

168 Councilwoman Kennedy asked about the tree located on Gully Street. Mr. Barth added it is  
169 outside town limits, meaning the town will not do anything.

170 Councilwoman Kennedy asked about the roundabouts in Columbus. Mr. Barth added he would  
171 contact DOT and let them know.

172 Councilwoman Kennedy asked about receiving weekly emails. Mr. Barth stated he would start  
173 sending the weekly emails.

174 Mayor McCool asked about the sewer lift station. Mr. Smith added he met with Fountain Electric  
175 and is waiting on a proposal.

176 Mr. Barth added Fountain Electric is also looking into the Electric car station.  
177  
178  
179

180 **b. Planning Board Report:**

181 Noted

182 Mr. Barth added that, currently, the ordinance is set for water and sewer residential as residential  
183 2 (R2), which allows for a lot to be as small as 10,000 sq ft and he believes it needs to be bigger  
184 to place a house.

185

186 **c. Manager's Report:**

187 Mr. Barth stated September 21 is the next town council meeting.

188 Mr. Barth gave out the Frame invitation for Jasmine's Apartment. Mr. Barth asked if the mayor  
189 could give a speech at the ceremony.

190

199 2 p.m. around the courthouse lawn.

200

201 **g. July 4th Committee Report**

202 Mr. Barth added the town loses \$24,500 a year. Mayor McCool asked about the band's pay and  
203 why some are getting paid more than others. Mr. Barth added he would ask the finance officer.

204

205 There being no further business, Councilwoman Kennedy made a motion to adjourn.

206 Councilman Phillips seconded the motion, and the meeting was unanimously adjourned at 7:13

30 **Board Comments**

31 Ms. Buell asked if the Town Manager, Tim Barth, denied the request of Infinity Engineering  
32 Group, LLC to place an ATM at 250 West Mills Street, Columbus NC 28722. Mr. Barth stated  
33 that he postponed their request for the placement of an ATM until the company was able to  
34 provide him with a plan. Mr. Barth added that the brick-and-mortar building, Bank of America,  
35 at 170 East Mills Street, Columbus, NC 28722 will be put for sale and the ATM adjacent to the  
36 building will be removed. Mr. Watkins stated that he is concerned about the appearance of the  
37 ATM installation due to its close proximity to the road as well as the cluttering it will cause to  
38 the intersection. Ms. Buell stated that the ATM has potential to bring more traffic within the  
39 Food Lion shopping center. Mr. Watkins stated that it would have been a better option to place  
40 the ATM in the back corner of the shopping center as there is less traffic, however, it may  
41 present a security issue. Mr. Barth stated that Infinity Engineering Group, LLC were not  
42 concerned that their ATM was 300 ft from another ATM at First Citizens Bank at 160 West  
43 Mills Street, Columbus NC 28722. Mrs. Kan asked if the owners of Columbus Plaza Associates  
44 LLC gave Infinity Engineering Group, LLC permission for their ATM installation despite  
45 limited parking spaces. Mr. Barth stated that the owners of the shopping center allowed the  
46 Engineering Firm to proceed with their project, but he suggested that they use three parking

47 spaces. Ms. Buell asked if it was required for someone to come before the planning board prior  
48 to constructing a building within highway commercial. Mr. Barth stated if it is a straight  
49 permitted use then they do not need to ask the planning board for their approval beforehand. Mrs.  
50 Kan stated that she is concerned that the Town will be held responsible for a possible injury on  
51 Highway 108 due to high traffic. Mrs. Kan recommended to add the request for a traffic light and  
52 crosswalk on Highway 108 to the August agenda to address the issue. Mr. Barth stated that he  
53 will make sure that he adds the request for a traffic light and crosswalk to the agenda of the  
54 Town Council. Mrs. Kan asked if Mr. Barth had the chance to draft a letter regarding the signage  
55 and email it to the planning board 4 or 5 days in advance for review before officially sending it.  
56 Mr. Barth stated that he is currently waiting for the approval of the Town Council to change the  
57 signage requirements. Mr. Watkins asked for an update on the appearance of Blue Waters Pool  
58 & Spas property. Mr. Barth stated that he was informed that the company is struggling to service  
59 the projects that they have at this time, and they do not have the help nor the funds to make any  
60 progress with their development appearance.

61  
62 There being no further business to discuss, Mr. Blanton made a motion to adjourn.  
63 Mr. Watkins seconded, and the meeting was adjourned at 6:24 PM.
