

The above image from the Polk County GIS site shows that Lone Cypress Trail terminates at Chocolate Drop Mountain Road, and that it is Chocolate Drop Mountain Road that intersects with Houston Road, directly across from White Oak Mountain Road. Chocolate Drop Mountain Road is a private road (as noted on the street sign at Houston Road, below, and documents on file with the Polk County Registry). The portion of Chocolate Drop Mountain Road between Houston Road and Lone Cypress Trail is what was illegally annexed by the Town of Columbus in early 2022 (approved at March 17, 2022 Town Council Meeting).

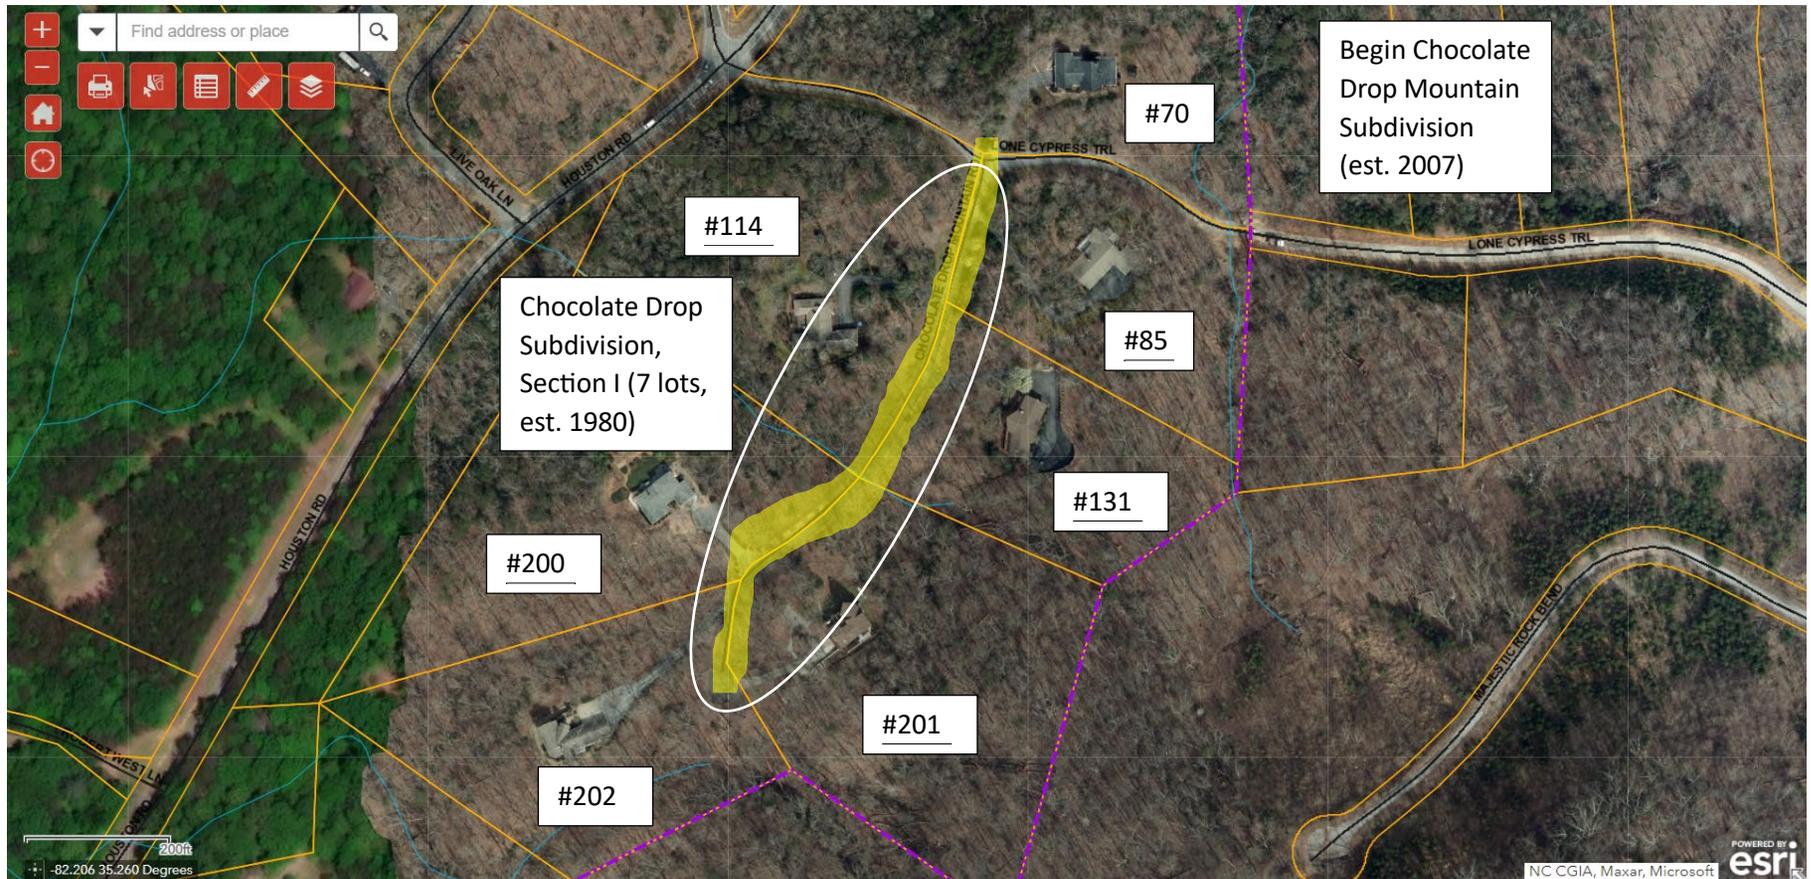

The above map was part of the materials presented to the Town Council on February 17, 2022 regarding the annexation of Lone Cypress Trail. Note that on the map, the highlighted portions mention a PK Nail at the intersection of Chocolate Drop Mountain Road – not Lone Cypress Trail – and Houston Road. In the resolution to accept the dedication of Lone Cypress Trail to the Town of Columbus (see image below) it inaccurately states that Lone Cypress Trail intersects with Houston Road at the western side of Chocolate Drop Mountain Subdivision. It is Chocolate Drop Mountain Road that intersects with Houston Road, on the western side of Chocolate Drop Subdivision, Section I, and not Lone Cypress

Trail/Chocolate Drop Mountain Subdivision. This inaccurate legal description of the road resulted in the town's illegal annexation of a portion of Chocolate Drop Mountain Road in early 2022.

WHEREAS, Lone Cypress Trail is more specifically described as a sixty foot (60') right-of-way beginning as a fifty foot (50') right-of-way extending west to east, beginning on the western side of Chocolate Drop Mountain Subdivision at its intersection with Houston Road and running in a easterly direction to the cul-de-sac serving Lots 14, 15, 16, and 17 as shown on the Plat; and

Remainder of Chocolate Drop Mountain Road to be annexed, highlighted in yellow within the white oval above: from the intersection with Lone Cypress Trail (at bend of Chocolate Drop Mountain Road) to the end of the cul-de-sac by #202 and #201, approximately 850 feet (as best measured on the Polk County GIS).
