Mr. Venturella:

I thought that this would be a joint award. I just wish a Black led organization might be included, but this will be a great teaching moment.

Thank you,

Dee

Good morning,

Currently contracts are being negotiated with Solar Crowdsourcing and Green Built Alliance for the following.

Solar Crowdsourcing:

- Will work with City/County to develop and implement a heat pump bulk purchasing campaign based on the Solarize Campaign model successfully implemented with them previously.

Green Built Alliance:

- Oversight and management of the Blue Horizons Community Council
- Funding for Energy Savers Network (weatherization)

This is a fairly broad description at this time. We will be meeting with the vendors in the coming weeks to determine the scope and level of services we can afford within the resources we have available in FY24.

Sincerely,

Ron Venturella, MSAC, CLGPO

Mr. Venturella:

Were both GBA and the other electrification/solar contractor the joint low bidders?

Please specify the winner(s).

Thank you,

Dee
