Thanks Jannice, your comment was in the other document ([REDACTED])- I thought I had responded, but I'm not seeing that response, my apologies.

For Bountiful Cities, this has historically been an annual agreement below \$30,000 and we had previously received recommendation to create a new contract/agreement annually. This year we were advised to take the agreement to council and request a three year agreement with annual renewals.

For this contract with Green Built Alliance for Blue Horizons Project, we have contracted with them annually and prior to FY24 gone to council for a resolution annually as the contract amount was ~\$100,000. In FY24 our contract amount was \$56,500, so we did not go, but this year we received the direction to request a contract amendment with additional funds bringing the contract over the council approval threshold. The county and city match scope of work and funds for this contract.

Let me know if it's helpful to chat!

Thanks,

Kiera

I reviewed. Did you see my question about whether this should be an annual contract of amend to cover 3 years? Also, how did it jump from \$24k to \$127K? Is that about \$24k/year +/-? Is this all what City pays and the County is matching the same?
