Hi Sam,

We've got people out this week for the holiday. Will you please throw out some times that you are available in the morning during the week of July 10th?

Cheers,  
Bridget

Hello Jeremiah, Bridget, Jackie and Kiera,

We are interested in getting together soon to discuss the contract. Can you let us know when you all are available?

We heard that Solar Crowdsourcing is being awarded a portion of the contract and are curious if that is correct. We had planned to potentially work with them to implement Solarize in 2024 as we stated in the RFP and are wondering if they will instead get a direct portion of the BHP funding.

thanks, Sam

Sam,

Thank you for the proposal that Green Built Alliance submitted to Buncombe County regarding the RFP for various services supporting the Blue Horizons Project. This message is to inform you that the City and County have reviewed and scored all proposals received and that we intend to award Green Built Alliance for a portion of these services. As you know, the City and County have finite resources allocated to this effort and as such not all proposed services will be able to be funded. If your organization remains interested, the final scope of work and budget will be determined during upcoming contract negotiations. Thank you again for your interest in working with both the City and the County on these important efforts.

We will be in touch soon to begin the contract negotiation phase and look forward to continuing to work with you all in the future. Please don't hesitate to reach out with any questions or concerns you may have.

Sincerely,

## Jeremiah LeRoy
