Jeremiah,

On behalf of the Solar Crowdsourcing team, I am pleased to inform you that we remain immensely interested and are extremely grateful to the city and county for the opportunity. Asheville and Buncombe County continue to push the envelope in sustainability and equity and we could not be more excited to be part of that effort.

We look forward to next steps to finalize the scope, budget and contract and begin this important work.

Gratefully yours,  
Don Moreland  
Founder, Solar Crowdsourcing

Don,

Thank you for the proposal that Solar Crowdsourcing submitted to Buncombe County regarding the RFP for various services supporting the Blue Horizons Project. This message is to inform you that the City and County have reviewed and scored all proposals received and that we intend to award Solar Crowdsourcing for the services outlined in your proposal. If your organization remains interested, the final scope of work and budget will be determined during upcoming contract negotiations. Thank you again for your interest in working with both the City and the County on these important efforts. We will be in touch in the coming days to discuss next steps.

Please don't hesitate to reach out should you have any question or concerns.

Sincerely,

## Jeremiah LeRoy
